

4T Four Post Large Model Hoist

The Tecalemit 4 tonne four post electro/hydraulic hoists come in three variants. The standard base model, large and wheel alignment specific models provide you with the options best suited for your workshop.

The TECG440 and TECG440L share the same core features. The TECG440W is supplied with front turning plate locations and rear slip plates with extra-long platforms suited for wheel alignment duties.
